Seems like I heard that lonesome Sunnyland blow
Seems like I heard that lonesome Sunnyland blow
Now it blowing just like it won't be back no more

Well I feel bad this morning, feel just like I want to cry
Feel bad this morning, feel just like I want to cry
Well my baby rode that Sunnyland this mornin', she
didn't even once say goodbye

I got a letter from my baby, and she said she was
coming home
Got a letter from my baby, and she said she was
coming home
Well sat around waiting, baby, and I hope it won't be
long

She said, cool down papa, now you better change your
way
She said, cool down papa, and you better change your
way
Yeah it's true, you know I love you baby, and you gonna
need my help some day
