Didn't we have the magic  
Didn't we have the touch  
Didn't we find our rainbow  
Drenched in golden dust

Didn't we love the music  
Didn't we love the songs  
Did we lose it all by dancin'  
Much too long, yeah

We had a thousand laughs a minute  
With love all wrapped up in it  
Didn't we have some fun  
Ooh ooh, didn't we beat the drum  
Boy, we've had a thousand laughs a minute  
With love all wrapped up in it  
Didn't we have some fun  
Didn't we beat the drum

Didn't we find enchantment  
In everything we did  
Maybe it was wrong  
We played too much like kids  
Oh but didn't we share a moment  
Few have ever known  
Don't you think we're lucky  
At least we'll always know

We had a thousand laughs a minute  
With love all wrapped up in it  
Didn't we have some fun  
Yeah, didn't we beat the drum  
Boy, we had it all, we had, baby  
With love all wrapped up in it  
Didn't we have some fun  
Didn't we beat the drum

(Repeat to fade)
