Many questions unanswered
Contradictions is all we found
All we have is a chaos
Blind to visions and deaf to sound
Generation of innocence
Face the challenge and fight
Realize all your visions
Set your spirit alive
Go ahead full of confidence
Trust your power inside
Reawaken a common sense
Now's the time to decide
You'll be guiding the way
In the labyrinth of our times
Face to face with the future
Minds are gathering to reunite
Brave explorers of new horizons
Tearing down barriers from the past
Generation of innocence
Face the challenge and fight
Realize all your visions
Set your spirit alive
Go ahead full of confidence
Trust your power inside
Reawaken a common sense
Now's the time to decide
You'll be guiding the way
In the labyrinth of our times
Through the passing bell of our times
(Is) spreading fear through our hearts and minds now
By the open gates of yesterday
There is hope we'll see a golden age born
Hear the heartbeat of nature
Slowly beating in agony
Now the pressure is rising high
By the sins of society
Generation of innocence
Face the challenge and fight
Realize all your visions
Set your spirit alive
Go ahead full of confidence
Trust your power inside

Reawaken a common sense
Now's the time to decide
You'll be guiding the way
In the labyrinth of our times
