Vibrating waves of light
Illuminate the light
Anticipation fills the air
Astral lightning flies
Tremendous forces rise
And penetrate the atmosphere
Hypnotic chants rebound
Tuned in magic sounds
Of universal purity
Creation's secret seal
Bursting to reveal
Dimensions of eternity

A rhythm in the air
Vibrations on the sea
The spirit of creation's life
Breathing
Emotions rising high
Eternal rays of light
Infusions from the astral force
Easing
Eternal unity
Expanding endlessly
In unison with space and time
Immortal energy
Sent from infinity
Returning to enlighten the mind
A splendour in the air
Of everlasting light
Eternal energy prevails
Silence
Mysterious unreal
The sound of purity
Is echoing across bizarre
Daydreams
A shining
A calling
Increasing high vibration
Bright lightening
Deep thunder
It's roaring breaks the silence
Horizons open wide

The final answer is dawning
Revelation
From the dawn of light
Rising signs of glory
Mind and soul unite
In celestial fusion

Bizarre
Sublime
So real
Intensive
So bright
So clear
Unique
Superior
From the dawn of light
Rising signs of glory
Mind and soul unite
In celestial fusion
Neverending
Incarnation
Universal life
High vibrations
Of creation
Penetrate the mind
On the wings of light
In eternal silence
Crossing space and time
To escape all darkness
Rising tides of inspiration
In eternal light
Everlasting evolution
Till the end of time
From the dawn of light
Rising signs of glory
Mind and soul unite
In celestial fusion
Enlightenment
Emerging
All darkness
Recending
Lost visions
Returning
On tidal waves of glory
All senses
Transcending
Vibrations
Expanding
The answer
Approaching
The day of revelation
