Please don't go  
If you love her don't leave  
Papa say you love her so  
Tell her she's the lady of your life  
Papa please don't go  
We can't live without you here  
Please don't leave me in the night

The night scares me so  
I long to see the night  
When I'm alone  
You never said good bye  
You stole the sun and left the clouds behind  
The night scares me so  
My dreams have gone away  
Left me alone  
You never said good bye  
Papa do you still love me just the same?

Tell me where  
Papa you go from here  
Love is meant for us to share  
Three of us together all our life  
Papa don't let me cry  
I need to wake and find you there  
Please don't leave me in the night

The night scares me so  
I long to see the light  
When I'm alone  
You never said good bye  
You stole the sun and left the clouds behind  
The night scares me so  
My dreams have gone away  
I'm left alone  
You never said good bye  
We'll never go to Disneyland again  
The night scares me so  
I long to see the light  
When I'm alone  
You never said good bye  
Papa I'm sure that you'll be back some day

Night  
The night scares me so  
I long to see the light  
When I'm alone  
You stole the sun and left the clouds behind  
The night scares me so  
My dreams have gone away  
I'm left alone  
We'll never go to Disneyland again  
I long to see the light  
When I'm alone  
You never said good bye  
Papa I'm sure that you'll be back some day
