I don't know why  
I just know I do  
I just can't explain  
In this language that I use  
Something leaves me speechless  
Each time that you approach  
Each time you glide right through me  
As if I was a ghost

If I only could tell you  
If you only would listen  
I've got a line or two to use on you  
I've got a romance we could christen

And there's a word in Spanish  
I don't understand  
But I heard it in a film one time  
Spoken by the leading man  
He said it with devotion  
He sounded so sincere  
And the words he spoke in Spanish  
Brought the female lead to tears  
A word in Spanish, a word in Spanish

If you can't comprehend  
Read it in my eyes  
If you don't understand it's love  
In a thin disguise  
And what it takes to move you  
Each time that you resist  
Is more than just a pretty face  
To prove that I exist

When manners make no difference  
And my gifts all lay undone  
I trade my accent in on chance  
And fall back on a foreign tongue
