

## Elton John "A Word In Spanish"

Visit "[A Word In Spanish](#)" on MotoLyrics.com

I don't know why, I just know I do  
I just can't explain in this ol' language that I use  
Something leaves me speechless each time that you  
approach  
Each time you glide right through me as if I was a  
ghost

If I only could tell you  
If you only would listen  
I've got a line or two to use on you  
I've got a romance we could christen

There's a word in Spanish I don't understand  
But I heard it in a film one time spoken by the leading  
man  
He said it with devotion, he sounded so sincere  
And the words he spoke in Spanish brought the female  
lead to tears  
A word in Spanish, a word in Spanish

If you can't comprehend, read it in my eyes  
If you don't understand it's love in a thin disguise  
And what it takes to move you each time that you resist  
Is more than just a pretty face to prove that I exist

If I only could tell you  
If you only would listen  
I've got a line or two to use on you  
I've got a romance we could christen

And there's a word in Spanish I don't understand  
But I heard it in a film one time spoken by the leading  
man  
He said it with devotion, he sounded so sincere  
And the words he spoke in Spanish brought the female  
lead to tears  
A word in Spanish, a word in Spanish

When manners make no difference  
And my gifts all lay undone  
I trade my accent in on chance  
And fall back on a foreign tongue

And there's a word in Spanish I don't understand  
But I heard it in a film one time spoken by the leading  
man  
He said it with devotion, he sounded so sincere  
And the words he spoke in Spanish brought the female  
lead to tears  
A word in Spanish, a word in Spanish  
There's a word in Spanish, a word in Spanish
