On a hill long ago, on a cold winter's night  
In a land far away, three kings saw a light  
And from heaven it shone like God's, God's own crown  
And it guided three kings into Bethlehem town

Oh, they came bearing gifts and so said each one  
Let's call this day Christmas from this moment on  
We'll be calling it Christmas in honor of him  
The child in the manger or savior and king

We've been calling it Christmas, keeping the faith  
Knowing the reason we're saving the day  
We've been calling it Christmas down through the  
years  
Spreading joy to the world when Christmas is here

Oh, a simple belief was the start of it all  
A small child asleep on a bed made of straw  
[Unverified] where shepherds and kings  
First [Unverified] this moment would bring

We've been calling it Christmas, keeping the faith  
Knowing the reason we're saving the day  
We've been calling it Christmas down through the  
years  
Spreading joy to the world when Christmas is here

We've been calling it Christmas, keeping the faith  
Knowing the reason we're saving the day  
We've been calling it Christmas down through the  
years  
Spreading joy to the world when Christmas is here

We've been calling it Christmas down through the  
years  
Spreading joy to the world when Christmas is here  
Spreading joy to the world when Christmas is here  
Spreading joy to the world when Christmas is here
