Elton John
"Come Back Baby"

Come back, baby, come back to me, yeah
And you will see yeah, how I've changed
'Cause you're the only love I ever had
You're the only love I ever had, come back to me

Come back, baby, I did you wrong, yeah
And this is the song I sing, I hope will bring you back to
me
You're the only love I ever knew, you're the only love I
ever knew
Come back come back

Come back, baby
Come back and treat me right
Come back, baby
Come on back, I'll hold you tight

Come back, baby
Come back I'll treat you right
Come back, baby, come on back
Come back and hold me tight

Come back, baby
Every thing's gonna be fine right now, yeah
It's gonna be fine right now, yeah it's gonna be fine
right now
You're the only love I ever had and you're coming back
And I'm so glad you're coming back to me

Come back, baby
