We're caught up in a web, you and I
Since Crystal came between us
The knots of friendship seem to be untied

And it hurts me most to cheat and that's no lie
She can swing us both forever
In the long run she's the one who must decide

And if she leaves me handle her with care
Don't hurt little Crystal
And if she calls you long distance just be there
Oh, Crystal

The world is your oyster, you're a pearl
But he's a jewel and my friend
I'm sure that in the end, Crystal, you'll be his little girl
Oh, Crystal

You're stronger than me but I'm sure
That the fight would fall to no one
The cold hard truth is stronger than us all

And it breaks my heart to see us go this far
We're just captives in our separate cells
And without her there's no peace behind these bars

And if she leaves me, ooh, handle her with care
Don't hurt little Crystal
And if she calls you long distance just be there
Oh, Crystal

The world is your oyster, you're a pearl
But he's a jewel and my friend
I'm sure that in the end, Crystal, you'll be his little girl
Oh, Crystal

You're stronger than me but I'm sure
That the fight would fall to no one
The cold hard truth is stronger than us all

And it breaks my heart to see us go this far
We're just captives in our separate cells

And without her there's no peace behind these bars

And if she leaves me, ooh, handle her with care
Don't hurt little Crystal
And if she calls you long distance just be there
Oh, Crystal

The world is your oyster, you're a pearl
But he's a jewel and my friend
I'm sure that in the end, Crystal, you'll be his little girl

The world is your oyster, you're a pearl
But he's a jewel and my friend
I'm sure that in the end, Crystal, you'll be his little girl
Oh, Crystal, oh, Crystal
