[Intro: Prodigy] + (Fat Joe)

Uh oh (Buck 'em down buck 'em down)

Infamous Mobb Deep ya heard (Havoc: Fat Joe)

(Wayne Wonder whattup whattup whattup whattup!!!)

Yo, from Queens to The Bronx, Jamaica to Jamaica you understand

[Verse 1: Havoc]

My pound's spittin, cowards snitchin so what it is

Like a hearty meal in heat, stickin to your ribs

Guerilla style tactic, I learned from growin up in The Bridge

Be down huntin up on you or at your crib

I'm waitin for my enemies while your bent off the Hennessy

Hold the hammer steadily baby girl now you better be

Far from that bitch ass nigga we on fire

Nigga went against the grain so I'm givin 'em more fire

With that lava spittin out of them cannons whattup sire

Mobb connected with Wonder you know that shit is fire

Yeah! And I'm about to squeeze

Got my finger on the trigger then we blow some trees

[Verse 2: Prodigy]

Little kids growin up listen to M-O-B-B

They hear about our guns the word's on the street

We infamous for drama keep that trauma in our reach

We infamous with beef keep them thangs were we be

It be hot where we be

No matter the weather in the drops in the jeeps

You steal from my heat they heard about how we squeeze

Original rudeboys comin out of Queens, you know what I mean

Don't act stupid now

We schooled you niggaz how to keep that trigger POW!!!

Where you niggaz now, all y'all got a little power

Little bitty strength till I shoot some of your people

Or now I'm makin sense to my....

[Chorus: Wayne Wonder]

My enemies, mi unlock it time I cock it time I pop it
Time I put it pon mi enemies
You won't get away from the ride that comes with
atrocities
I got you where I want you now my fingers on the
triggers
And I'm about to squeeze, beggin me oh please

[Verse 3: Fat Joe] + (DJ Khalid)

We all got 'em, most high talkin when the babylon lock
'em down
Don't start no shit won't be no shit
Badboy dead rich and he still don't switch
Like at Harlem at the Rucker we live for beef
Cause we didn't see a sign of our...

[Chorus: Wayne Wonder]
