Elton John & Jennifer Rush

You're walking, talking like flame, baby
You're walking, talking like flame, baby
You're walking, talking like flame, baby
You're walking, talking like flame, baby

Never knew what my heart would be facing
Guess I must have been blind saying goodbye to you,
baby
You baby, to baby, you baby
Close my eyes at night, I can taste it
I've got a beckon fire where I once had you baby, ooh
baby

You said don't ever leave me
I say that's something I won't do

I want you back in my arms
You're the flames of paradise
The flames of paradise
I want you back in my arms
You're the flames of paradise
The flames of paradise

I can offer my love just to you
It's been so long baby
I need you, all my love waits for you
Don't take too long baby

I'll be making some brave conversation
Telling friends I'm way better off without you. baby
You baby, ooh baby, you baby
And I was living in my imagination
Thinking I could make it without you too baby, ooh baby

My heart tried to deceive me
But that's one thing it just can't do

I want you back in my arms
You're the flames of paradise
The flames of paradise

I want you back in my arms
You're the flames of paradise
The flames of paradise

I can offer my love just to you
It's been so long baby
I need you, all my love waits for you
Don't take too long baby

Baby, talking 'bout the flames
You're walking like, like a flame

You said don't ever leave me
Oh, that's something I won't ever do, oh baby

I want you back in my arms
You're the flames of paradise
The flames of paradise
I want you back in my arms, baby
We're the flames of paradise
The flames of paradise

I can offer my love just to you
It's been so long baby
I need you, all my love waits for you
Don't take too long baby

I want you back in my arms
We're the flames of paradise
The flames of paradise
