"Hammer To Fall"

Here we stand, here we fall
History won't care at all
Make the bed, light the light
Lady Mercy won't be home tonight

We don't waste no time at all
Don't hear the bell but you answer the call
Comes to you as to us all
We're just waiting for the hammer to fall, yeah

Oh every night, every day
A little piece of you is falling away
Lift your voice, the western way, baby
Build your muscles as your body decays

Toe your line and play their game
Let the anaesthetic cover it all
Till one day they call your name
You know it's time for the hammer to fall, do it

Rich or poor or famous for
Your truth it's all the same (oh no, oh no)
Oh, lock your door 'cos rain is pouring
Through your window pane (oh no)
Oh, baby, now your struggle's all in vain

Are you ready? Wembley

He who grew up tall and proud
In the shadow of the mushroom cloud
Convinced our voices can't be heard
We just want to scream it louder, louder

What the hell we fighting for?
Just surrender and it won't hurt at all
Just got time to say your prayers
You know it's time for the hammer to fall

Hammer to fall
Yeah
Do it

Do it now

Alright

Do it now

Yeah, yeah

Hammer to, hammer to, hammer to fall

Give it to me one more time
