Hey armadillo what you doing in the garden  
Slumbering and spherical, you're always hanging  
around  
Leather on the outside but a delicate interior  
Very like a lot of human beings I have found

Hey armadillo I can't tell which way you're facing  
Maybe that's a good thing, maybe you don't even know  
No one's gonna bother you if they can't find your front  
end  
There again I guess you find your love life rather slow

In the armadillo circle  
In that armour-plated set  
The philosophy is simple  
What you see ain't what you get  
In the armadillo culture  
In that well-protected creed  
A solid hide to hide in  
Is the only thing you need  
Hey armadillo

Hey armadillo what you doing in the desert  
Is a life of burrowing the answer to it all  
What I would give to leave my problems six feet  
underground  
And always be the perfect shape to be, and have, a ball

In the armadillo circle  
In that armour-plated set  
The philosophy is simple  
What you see ain't what you get  
In the armadillo culture  
In that well-protected creed  
A solid hide to hide in  
Is the only thing you need  
Hey armadillo  
Hey armadillo
