If you wanna drive to Ride Mount on your pony  
Loosen up my tie to help me breathe  
Insisting that I pay my alimony  
Each and every day is the same old scene

Come on do the roll, do the roll with me  
Come on do the roll, do the roll with me  
I said honey, I said honey  
I said honey, I said honey  
Come on do the honey roll with me

Well, I want to say that I'm your Mister funky  
Singin' this song is taking up your time  
I did the donkey now I'm your funky monkey  
Sing it children, sing it on your mind

Come on do the roll, do the roll with me  
Come on do the roll, do the roll with me  
I said honey, I said honey  
I said honey, I said honey  
Come on do the honey roll with me

Come on do the roll, do the roll with me  
Come on do the roll, do the roll with me  
I said honey, I said honey  
I said honey, I said honey  
Come on do the honey roll with me

I said honey, I said honey  
I said honey, I said honey  
Come on do the honey roll with me  
I said honey, I said honey  
I said honey, I said honey  
Come on do the honey roll with me  
I said honey, I said honey  
I said honey, I said honey  
Come on do the honey roll with me
