We had a good night jamming away
There was a full moon showing
We started to play
But in the cold light of day next morning
Party was over, uh huh, uh huh
The party was over

We got love and we
We got style and we
Got sex and I know, I know we got what it takes
Woh, woh, woh, woh, woh
Woh, woh, woh

Why don't you come back and play
Come back and play (hey, hey)
Come back and play
We got all night all day
Everybody's gone away

Why don't you come back and play (play, play)
Come back and play
Come back and play
Come back and play, play, play, play
Go get 'em boy - let's party
Yeah, ha, ha, ha, ha

Gimme, gimme

We had a food fight in somebody's face
We were up all night singing, singing
And giving a chase
But in the cold light of day next morning
Everybody was hung over

Hey, come back and play
Come back and play
Come back and play
We got all night all day
Everybody's gone away
Why don't you come back and play, and play
Come back and play

We got all night, we got all day
We got all night and day
Ha

Come back, come back, come back, come back
Come back and play

Hey, hey, hey

Goodbye, goodbye, goodbye, goodbye, the party is
oooo -
