Warm the wine and give it to me one more time again
I'm just a rollin' stone who needs a drop of rain
And to taste your honey, Mona, is like lickin' on the sun
My truck's hid in the backyard, so come here and give
me some

Lady, that's the way you gotta rock me when he's gone
You make me feel like a diesel train goin' home
We got so much to give each other and we've only just
begun
Take me baby, break me lady, gotta rock me when he's
gone

Break the bread in two and you can give me half
I've ridden hard and fast just to make you laugh
To make you laugh I've stood knee-deep in mud
outside your door
Clutchin' in my hand a border rose from Baltimore

Lady, that's the way you gotta rock me when he's gone
You make me feel like a diesel train goin' home
We got so much to give each other and we've only just
begun
Take me baby, break me lady, gotta rock me when he's
gone

I said, lady, that's the way you gotta rock me when he's
gone
You make me feel like a diesel train goin' home
We got so much to give each other and we've only just
begun
Take me baby, break me lady, gotta rock me when he's
gone

C'mon and rock me, c'mon and rock me
C'mon and rock me, rock me when he's gone

C'mon and rock me, c'mon and rock me
C'mon and rock me, rock me when he's gone

C'mon and rock me, c'mon and rock me
C'mon and rock me, rock me when he's gone
