

Elton John "Satellite"

Visit "[Satellite](#)" on MotoLyrics.com

Ooh, ooh
Ooh, ooh
Ooh, oooh

Well you come on like a comet, ideas in your head
Starvin' for affection, waitin' to be fed
Crazy like a full moon, eyes open wide
Takin' in everything you need to stay alive

Who leads who?
(Who leads who?)
Who knows where?
(Who knows where?)
If you leave me now
Will I see you again?

I'm tellin' you love bites
Like a satellite
Goin' round and round
It's somethin', somethin', somethin' you can't fight
Ooh, in the daylight
And even in the dark night
I wanted to surround me, surround me
Surround me like a satellite

Oh, you move like a shadow of your own design
Do you want to trap me in between the lines
I don't walk on water
(I don't walk on water)
If you think I can
If you want a miracle
Call up a Superman

Who leads who?
(Who leads who?)
Who knows where?
(Who knows where?)
If you leave me now
Will I see you again?

I'm tellin' you love bites
Like a satellite

Goin' round and round
It's somethin', somethin', somethin' you can't fight
Ohh, in the daylight
And even in the dark night
I wanted to surround me, surround me
Surround me like a satellite

Are we there
Is this love?
Is this a space race
That we're both part of?

I'm tellin' you love bites
(Ooh, ooh)
Ohh, like a satellite
(Ooh, ooh)
Ooh hoo, goin' round and round
It's somethin', somethin', somethin' you can't fight
Ohh, in the daylight
Even, even in the dark night
I wanted to surround me, surround me
Surround me like a satellite

Ohh, in the daylight
Even, even in the dark night
I wanted to surround me, surround me
Surround me like a satellite
Like a satellite
Ooh hoo, like a satellite
I wanted to surround me, surround me
Surround me like a satellite
Ohh, like a satellite
