"Simple Life"

There's a breakdown on the runway and the timeless
flights are gone
I'm a year ahead of myself these days and I'm
locomotive strong
My city spread like cannon fire in a yellow nervous state
I can't cut the ties that bind me to horoscopes and fate

And I won't break and I won't bend
But someday soon we'll sail away
To innocence and the bitter end
And I won't break and I won't bend
And with the last breath we ever take
We're gonna get back to the simple life again

When we break out of this blindfold, I'm gonna take
you from this place
Until we're free from this ball and chain, I'm still hard
behind the eight
My city beats like hammered steel on a shallow cruel
rock
If we could walk proud after midnight we'd never have
to stop

And I won't break and I won't bend
But someday soon we'll sail away
To innocence and the bitter end
And I won't break and I won't bend
And with the last breath we ever take
We're gonna get back to the simple life again, alright

And I won't break and I won't bend
But someday soon we'll sail away
To innocence and the bitter end
And I won't break and I won't bend
And with the last breath we ever take
We're gonna get back to the simple life again

And I won't break and I won't bend
But someday soon we'll sail away
To innocence and the bitter end
And I won't break and I won't bend
And with the last breath we ever take

We're gonna get back to the simple life again
