Night life, hot spot light
I've gotta make them dance tonight
Night life, hot spot light
I really want to shine tonight

Night life, hot spot light
I gotta steal a heart tonight
Night life, hot spot light
I'll show them how to dance tonight

I know that the competition's heavy
I know that these guys are cool
But I'll show this kid is more than ready
I sure got somethin' to prove

Right now I'm just another guy
I don't mean nothin' to them
But when they see me dance
When they see me dance

Night life, hot spot light
I've gotta make them dance tonight
Night life, hot spot light
I really want to shine tonight

Night life, hot spot light
I gotta steal a heart tonight
Night life, hot spot light
I'll show them how to dance tonight

Right now the music's movin' higher
I'm feelin', steppin' up the beat
These shoes will set the floor on fire
Everybody on your feet

You thought that you'd seen the best
Well, I can tell you, forget the rest
When you see me dance
When you see me dance

Night life, hot spot light
I'm gotta make them dance tonight

Night life, hot spot light
I'm really gonna shine tonight

Night life, hot spot light
I'm gotta steal a heart tonight
Night life, hot spot light
I'll show them how to dance tonight
