Elton John & Aretha Franklin

Oh, oh, oh, oh
Yeah, yeah, yeah, yeah
Ooh, baby, ooh, baby

In this world
It's hard, you know
Lovers come and lovers go
People never seem to hold on
To what they've got, no, no

Some, they never stay together
You and I, well, we know better
We can make it last forever
We can keep this love alive

Through the storm
Through the tears
You and I
I know we can survive

To the day
Through the night
If we try
We can keep it alive
We can keep it alive

I know sometimes it's been so tough
We've been so close to giving up
But our love's so strong
Yeah, we keep holding on
To what we got, ooh, ooh

It's easier to walk away
It takes a lot of love to stay
Oh, we've got all the love it takes
We know there's a brighter day

Through the storm
Through the tears
You and I

I know we can survive

To the day
Through the night
If we try
We can keep it alive
We can keep it alive

We just got to be strong
We just got to be strong
We just got to be strong together

We just got to hold on
We just got to hold on
We just got to hold on
And go through the storm

Yeah, yeah, the storm
Oh, oh, yeah, yeah, yeah
I know we're gonna make it

Through the storm (hey)
Through the tears
(Through the tears)
You and I (you and I)
I know we can survive

To the day (to the day)
Through the night
(Through the night)
If we try (girl, if we try)
We can keep it alive
We can keep it alive

Through the storm
(Ah, through the storm)
Through the tears
(Through the tears)
You and I (oh, you and I)
I know we can survive

To the day (to the day)
Through the night
(Through the night)
If we try (hey)
We can keep it alive
We can keep it alive
Through the storm
