Oh, I lived in a tenement six floors above  
I lent you my records and I lent you my love  
But you left me on the weekend without a by-your-leave  
That's a dirty and a low-down trick, my folks all think  
you're mean

Oh, but I don't mind, that's kind of nifty  
You always see those break-ups in the movies  
And just like a light, honey, you put me out  
Now I'm gonna do my best to get you back in the nest  
you came from

You can erase me if you want to  
Turn your back in other men  
But whenever you're ready  
Honey, we'll go steady again

Oh, it's nasty without you in my little room  
I missed you like crazy, please come back soon  
I was joking with those things I said, I couldn't have  
been thinking  
If you don't come back I think I'll crack just like my old  
ceiling

You can erase me if you want to  
Turn your back in other men  
But whenever you're ready  
Honey, we'll go steady again, oh

You can erase me if you want to  
Turn your back in other men  
But whenever you're ready  
Honey, we'll go steady again  
Oh, honey, we'll go steady again
