At the rise of a new dawn
Rose the children of the sun
To inhabit a kingdom
Augustly crowned in rock mass vast

All lakes are sanowaries
Live covent nemetors
All forests are hallowed
Blest groves of an invictus tribe

Nertom woloutom que
Etsi snis Kamos-e
Nertom woloutom que
Etsi snis Kamos-e

Nertom woloutom que etsi snis
Emmos snis riya emmo snis
Nertom woloutom que etsi snis
Emmos snis riya emmo snis
Widomor-e Kamos-e
Emos snis riya emmos snis andrometi
Nertom woloutom que etsi snis
Emmos snis riya emmos snis

A kingly tribe sublime
Arose in its golden time
In a prosperous era
The age of primordial reign

A horde of untameables
Invincible armada
A dashing bold host
Of venturous fernaughts
