(It has been decided)  
(We took forth on this journey)

We packed the wagons  
A thing arranged, there is no turning back  
The time has come  
All too soon, a stab all through my heart

The afterglow  
Glimmered on the roof of our homestead  
We rode the nightfall at hand and  
Believe set out into the dark

In this night the fires roared  
As fields were set ablaze  
It rained ash from the sky  
In a flaring hiss at night

Fromward the land we knew  
Off to far and distant shores  
A safe haven  
Off to these Santonian shores

At the set of the sun  
As mist billowed over the land  
We got under way  
Wandering towards our hopes

I rode awhile and looked back  
Gazed into the sea of flames  
Laying waste what we called home  
I won't see this place again

A cortege as far as the eye can see  
A vast migrant parade  
The glow of a distant dream  
The awakening came nigh

Under a starlit sky  
Dreams within our hearts  
Step by step we marched

Away into the night

Oh, fromward the land we knew  
Off to far and distant shores  
A safe haven  
Off to these Santonian shores
