[Music: Jarpen, Aydan / Lyrics: Jarpen]

Follow again one single piece  
of dream afar  
Spent my all whole life there,  
chasing the hope

A drive so strong,  
so deep I cannot see the end  
Inborn sense of finding  
what's beyond, in the furious storm

Reunifying with air and soil I am part of  
Distant yet so close!

Longing for a whisper  
that would carry me away  
Faced my ultimate desire that was swirling  
through the mazes of my mind

Watch my gold,  
it can be never bought or sold  
Made up and collected through the years  
from emotions and dreams

A noble line I carry on  
Exploring the ways I never saw

Longing for a whisper  
that would carry me away  
Faced my ultimate desire that was swirling

through the mazes of my mind

[Solo: Aydan]

[Melody: Jarpen / Regality: both]

Reunifying with air and soil I am part of  
Distant yet so close!

Longing for a whisper  
that would carry me away

Faced my ultimate desire that was swirling  
through the mazes of my mind  
If you were given chance to fly would you  
retain your tears of joy  
Pushed as far as any wind will go,  
a fiery stride to the sun

Clearing my path from anything  
that leads me to a fall  
On the brink of loneliness, I faced  
the illusion of leaving from the flock  
On this one way trail to unfolding new  
worlds
