[Chorus]

As I walk this mad paved with angriness and pain  
The Tree of Life is eating with its roots below my feet  
Everytime I try to catch the tail of a shooting star above  
My hands remain so empty and inside me there's a  
void

Midnight skies  
Winter sighs  
On morning dews verse of poetry

Reaching heights  
Walking miles  
To hear your voice reciting

Every word is a verse of pure harmony  
Every single one.

[Chorus]

As I walk this mad paved with angriness and pain  
The Tree of Life is eating with its roots below my feet  
Everytime I try to catch the tail of a shooting star above  
My hands remain so empty and inside me there's a  
void

Summer nights  
Suffused lights  
Words barely and softly spoken

Hidden frights  
Secret rites  
Signs of promise brokeen

As the sky is reflecting its blazing gold  
Mysteries unfold

[Chorus]

As I walk this mad paved with angriness and pain  
The Tree of Life is eating with its roots below my feet  
Everytime I try to catch the tail of a shooting star above  
My hands remain so empty and inside me there's a

void
