My dog don't chase chickens  
My dog don't chase cats  
My dog don't chase women  
Aw, thanks a lot for that

(Release)  
Talkin' 'bout my dog  
He's a good ole dog  
When you're drunk and stoned  
My dog will show you the way home  
My dog

When that sun come pourin' down  
My dog lyin' in the shade  
My dog don't have to work at all  
He's got it made

Lead

My dog knows how to hunt  
Runs me down some 'coons  
My dog stays up late at night  
Howlin' at the moon

He's my dog  
He's a good ole dog  
I don't care what you say  
My dog won't get in your way  
He's my dog

My dog don't gimme no lip  
No money does he spend  
My dog's name is just My Dog  
He's a man's best friend
