Please come to me, to where my emotions still sleep  
The garden of hidden memories  
To where your spirit can breathe and hope to be free

In my shelter my thoughts have been trapped for a  
while  
'Cause it was so easy, easy for them to fall and be  
caught  
In this dark spider's web... my own spider's web

Come feel my heart pounding with each step you take  
As you're coming closer to me  
The knot of my feelings is slowly releasing itself

I'm still frightened how can I leave my own intimate  
haven  
And still think, still breathe  
Leaving my memories behind, I hope to be free

Tonight I'm gonna follow her, leaving my shelter  
behind  
I'm gonna follow till the end of the world  
Tonight I'm gonna gift myself with everything I have  
got  
I'm gonna give to her all that I am

Dancing round the fire we'll be just one whirlwind of  
light  
And our secret together we'll find  
Dancing round the fire, our shadows are one with this  
night  
And our souls are forever entwined
