[Music / Lyrics: Aydan]

At the border of the plain where suddenly the forest  
dies  
On the first day of the season  
When the moon will shine full in the sky  
I will wait for you there bathed by a magic light  
I will wait, I will pray for this moment to become alive  
For this night I will see as an elf clad in leaves  
You're going to see myself the fairy of your secret  
dreams  
Even if all this belongs to worlds of fantasy  
For this time, only this night everything is fair, belongs  
to me  
One night fantasy...

[Chorus:]

Live my every breath, my every touch, my every single  
sigh  
Seizing hold of every glance  
As the day's passing by begins a wonderful sight  
Dancing on the moment dew, the dawn has come only  
for you  
I look up at the sky for the stars to be my guide  
At the border of the plain where suddenly the forest  
dies  
On the first day of the season  
When the moon will shine full in the sky  
I waited for you there bathed by a magic light  
I have waited, I have prayed and this moment has  
become alive  
One night fantasy...

[Chorus:]

Live my every breath, my every touch, my every single  
sigh  
Seizing hold of every glance  
As the day's passing by begins a wonderful sight  
Dancing on the moment dew, the dawn has come only  
for you  
I look up at the sky for the stars to be my guide
