[Lyrics by: Damna]

(Half my heart a gift of purity
Half my heart a deadly curse
Half will live in sweet obscurity
Half will take me to my hearse)

Two sided heart pushing to face another walk from the
start
Shifting my soul to what was heaven before and now's
just a stain, a novelty no more

Passion and soul together deceiving my brain and I fall
But soon they will fade delighted by something else
and now I rewind, one more time

Waiting for...
all my feelings now in vain
The Divided Heart!

Tearing me apart
The divided heart
Playing it's game for all these wasted years
I have been walking alone
All these years I have been carried away - carried away

Your blood is mine, the shivers it's sending me just
right through my spine
Are gonna crawl, splitting my heart in two and haunting
my soul - illusionned no more

Passion and soul together deceiving my brain and I fall
But soon they will fade delighted by something else
and now I rewind, one more time

Waiting for all lights to fade away,
all my feelings now in vain
The Divided Heart!

Tearing me apart
The divided heart
Playing it's game for all these wasted years

I have been walking alone
All these years I have been carried away - carried away

The tears that I don't cry won't fill my eyes but pain
inside I feel is real
Pain is real until the day I'll die

The divided heart

Tearing me apart
The divided heart
Playing it's game for all these wasted years
I have been walking alone
All these years I have been carried away - carried away
