Me and my old lady  
Ain't been getting along  
If things don't get better  
I'll soon be long gone

The situation is driving me insane  
Somebody fetch me my hat and coat  
And hand me my walking cane

(CHORUS)

Gotta put on my traveling shoes  
Gotta put on my traveling shoes  
Gotta put on my traveling shoes  
Gotta put on my traveling shoes

I'm trying to tell you, boys  
These hard headed women these days  
The way they treat a man  
Ain't nothing but a doggone shame

I talked and talked and talked  
She didn't hear a word I said  
Gonna get somebody's baseball bat  
And send her out again

(CHORUS)
