I don't know who you are  
In the mirror I see you still wear a mask  
A disguise, a cure for all the madness.

Why don't you get rid  
Of the junk you used to wear  
In front of me, are you sure that  
You were feeling better.

All the laughter, the good time  
Covered up all of your crimes  
Now tell me who you are  
Now tell me who you are  
All the darkness, all the pain  
Was it really all in vain?  
Now tell me who you are  
Now tell me who you are.

[Chorus:]

Far away you just wanna run away  
Your heroes - all gone astray  
When you say that you're gonna end your play  
Your confidence all gone away.  
I just saw it happening,  
I saw the ones who love you all run away  
Your heroes are all dead.

The truth behind the lies  
Is a blink well hidden deep inside your eyes  
It's a way to make them all feel stupid.

Oh if you just knew  
That the only one who was  
Being fooled was you  
Are you sure that you were  
Feeling better.

All the laughter, the good time  
Covered up all of your crimes  
Now tell me who you are  
Now tell me who you are.  
All the darkness, all the pain

Was it really all in vain?  
Now tell me who you are  
Now tell me who you are.

[Chorus:]

Far away you just wanna run away  
Your heroes - all gone astray  
When you say that you're gonna end your play  
Your confidence all gone away.  
I just saw it happening,  
I saw the ones who love you all run away  
Your heroes are all dead.

[Solo: Rafahel]

[Chorus:]

Far away you just wanna run away  
Your heroes - all gone astray  
When you say that you're gonna end your play  
Your confidence all gone away.  
I just saw it happening,  
I saw the ones who love you all run away  
Your heroes are all dead.
