Am I?
Am I to be paid?
But I have to?
Could I try to?
Do I have to?
..I still get rocks off

Am I?
Am I to be plain?
But I need to?
Could I get to?
Do I have to?
I'll be alright
..I still get rocks off

And it's so inviting the world
Phrases song
And it's so inspiring
That it might be all wrong
That I can seem to be alone
So long as you are gone

Am I?
Am I to be blamed?
But I need to?
Do I have to?
Could I get to?
I'll be almost good
..I still get rocks off

And it's so inviting the world
Phrases song
And it's so inspiring
That it might be all wrong
That I can seem to be alone
So long as you are gone

Aahhh
Long gone
Now I know
I know how to call

You want

Am I?
Am I to be blamed?
But I need to?
Do I have to?
Could I get to?
I'll be almost good
..I still get rocks off

And it's so inviting the world
Phrases song
And it's so inspiring
That it might be all wrong
That I can seem to be alone
So long as you are gone
