I thought I would go to the sea and shrink down very
tinyAnd slide inside the telephone wire that runs under
the brinyTill I found there is a way of crawling to the
u.s.a.You had better not go too farThere?s one way out,
there?s only one wayLeave your mother and your
fatherCrawling to the u.s.a.Saw it late one night on a
secret channellt?s farther on along the tunnellt?s way
beyond the final stationThat?s the one they never
mentionYou had better not go too farThere?s one way
out, there?s only one wayLeave your mother and your
fatherCrawling to the u.s.a.You don?t have to pay them
that muchYou had better bring your lunchIt?s
undercover, around the housesUp your skirt and down
your trousersYou had better not go too farThere?s one
way out, there?s only one wayLeave your mother and
your fatherCrawling to the u.s.a.She said, I catch you
taking liberties and they do not impress meAttach me
to your credit card and then you can undress
meEverybody is on their knees except the russians and
the chineseYou had better not go too farThere?s one
way out, there?s only one wayLeave your mother and
your fatherCrawling to the u.s.a.
