

Elvis Costello "Different Finger"

Visit "[Different Finger](#)" on MotoLyrics.com

Please put your rings on a different finger if you meet
me tonight

'Cause I can't stand those suspicious glances

'Cause I know the things they're saying are right

They're saying, "Why don't you straighten up

And see what you've got to lose

Put it all down to fate but you still got the chance to
choose"

I don't want to hear your whole life story

Or about my strange resemblance to some old flame

All I want is one night of glory

I don't even know your second name

Please put your rings on a different finger

'Cause we've got so much at stake

I can't stand those suspicious glances

'Cause they seem to cover every move I make

But I can be alone with you completely tonight

Put your rings on a different finger before I turn out the
light
