

Elvis Costello "Party Party"

Visit "[Party Party](#)" on MotoLyrics.com

We're gonna drink enough tonight to drown the
average army
By new year's day the next door neighbour will be goin'
barmy (yep,
That's how it's spelled)
The milkman arrives at midday with his usual wisecrack
Who knows a girl with wednesday legs so when's they
gonna snap?
Chorus:
Why does everybody have to be so hale and hearty
Can't they see we're tryin' to have a party party party
party

The last thing I remember I was talkin' to some fellas
Then she said she'd have a word for me with her good-
looking mate
And handed me a pint-pot filled with advocaat and
tizer
And I woke up in the flowerbed fearing fertilizer

(I would have thought "feeling fertilizer" would make
more sense, but
Maybe that's just me and my strange sense of
humour!)

(note: advocaat is a dutch drink, sometimes described
as the "dutch
Eggnog", tizer is a scottish drink (I think), it even has
it's own
Website:)

Chorus

Bridge:
So shift yourself and shake your bod
You got bullet proof insurance from fire, flood and act
of god

You got to learn from your mistakes
When you got a face like last week's cornflakes

The doors and the window frames are by pablo picasso

The party decorations owned by michelangelo
The fine music that you hear is by stravinsky
With overall design by leonardo davinci

Chorus

Bridge:

So shift yourself and shake your bod
You got bullet proof insurance from fire, flood and act
of god
You got to learn from your mistakes
When you got a face like last week's cornflakes

Two boys are upstairs in your bed
Three girls are downstairs cryin'
The alka seltzer in the glass is roarin' like a lion
You think you've aged 10 years tonight and still never
been kissed
So you overdose on aftershave and try to slash your
wrist

Chorus and fade
