Do
Do do do do do

So young, we've discovered, got them so confused
Don't mind putting the time in, it's shocking
That's what they all say now when we're walking hand
in hand
As one, you and I

Ooh yeah, ooh yeah, you said it's timed out
We've got them hangin' on a string
There's no time for compromises, we got that good old
thing

So young, so young
So young, so young
So young, so young
So young, so young

It's wrong to run for cover, we've got them in a spin
You don't mind sticking the sticker in, it's too late
That's what they all say now when we're walking hand
in hand
As one, you and I

So young, so young
So young, so young
So young, so young
So young, so young

Do do do do do
Do do do

So young, so young
So young, so young
So young, so young
So young, so young

Again
So young, so young
