The greatest love I ever loved  
Was the love I had for you  
The greatest wish I ever wished  
Was when I wished that you love me too

But I found out that you were lying  
When you said that you'd be mine  
All that talk about break up, never, leave me never  
It was the greatest love  
It was the greatest love  
But I still love you  
I still love you

The greatest hurt I ever hurt  
Was the hurt you put on me  
It took so long to find out  
That this love could never be

But I found out that you were lying  
When you told me you'd be mine  
All that talk about break up, never, leave me never  
It was the greatest love  
We had the greatest love  
But I still love you  
I still love you

Well I found out that you were lying  
When you said that you'd be mine  
All that talk about break up, never, leave me never  
It was the greatest love  
We had the greatest love  
But I still love you  
I still love you

(Greatest love)  
I still love you  
(Greatest love)  
We had the greatest love  
(Greatest love)  
I still love you
