Hey you! Are you looking at me?  
Don't waste your time  
'Cos I know your crime  
And the lines around your eyes don't show  
When your face is in repose

The skin is tightening  
As you touch a nerve  
Did you get what your paid for?  
Or did you only get what you deserve?

Ch.  
Go home, go home, go home, go home, go home  
And don't come back again  
'Til we tell you to  
'Til we say you can  
Go home, go home, go home, go home, go home  
And don't come back again  
We analyzed you  
We despise you  
And we can't help you now...

Sense - is it on your face?  
As you think about that Cul-de-sac  
Under which you lack  
And the slanders you repeat  
When I don't fall at your feet

Too old to be so frightened  
And too sacared to tell the truth  
You lie in teenage anguish  
Which you can no longer blame upon your youth

Ch.  
Go home, go home, go home, go home, go home  
And don't come back again  
'Til we tell you to  
'Til we say you can  
Go home, go home, go home, go home, go home  
And don't come back again  
We analyzed you

We despise you  
And we can't help you now  
We despise you  
We despise you
