When I'm down and out  
She stays by me without a doubt  
And if I stumble like I'm gonna fall  
She's right there at my beck and call

She's my wonder woman, wonder one  
What she can't do, it can't be done  
(Make me feel so good)  
Early in the morning  
(I feel so good and fine)

A friend a mine said with this girl I shouldn't stay  
But hey, guess what? I stuck by her anyway  
O Lord, I'm glad I did  
Just look what I'd be missing if I'd listened to that young  
kid

Every now and then, yeah, yeah  
I thank my maker for the shape I'm in  
(Make me feel so good)  
Early in the morning  
(I feel so good and fine)

She makes me feel ten feet tall  
If I'm worth anything she's got it all  
Weeks into months, months into years  
I got to tell you how sweet it is

Well, if you ever leave my life  
I would surely die, cry and cry  
(Make me feel so good)  
Make me wanna, makes me feel  
(Feel so good and fine)

Sometimes I think something will go wrong  
Nothing this good ever lasts long  
Then you come along and guarantee  
Just how much you mean to me

Well, every now and then, yeah, yeah  
I thank my maker for the shape I'm in  
(Make me feel so good)

Early in the morning  
(I feel so good and fine)
