Some things you never get used to
Even though you're feeling like another man

There's nothing that he can do for you
To shut me away as you walk through
Lovers laughing in their amateur hour
Holding hands in the corridors of power
Even though I'm with somebody else right now

High fidelity, can you hear me?
Can you hear me? Can you hear me?
High fidelity, can you hear me?
Can you hear me? Can you hear me?

There's a new kind of dedication
Maybe you'll find it down the tunnel
Maybe I got above my station
Maybe you're only changing channel

Even though you're nowhere near me
And I know you kiss him so sincerely now

Even though the signal's indistinct
And you worry what silly people think
Who just can't wait to feel so frozen out
I bet he thinks that he was chosen out of millions
I suppose he'll never know about

High fidelity, can you hear me?
Can you hear me? Can you hear me?
High fidelity, can you hear me?
Can you hear me? Can you hear me? Can you hear me?
