Everybody knows he is a pleaser  
Nothing else than just a teaser  
Teaser of his own faint smile

Yes and how he's so amusing  
Smiling can be so consuming  
And so strange to explain

Oh I know how I think I might  
Have known of you somehow and  
What your name was

Like any other man in many ways he's not  
Like life itself a mystery or two  
Hey Mr. Pleaser would you smile for me

Yes and how many times he hasn't  
Spoken just to please not to displease  
Please her if you please

Oh I see how his life resembles  
Yours and you somehow are like him.

I see I know I've been too good for you  
you know he's just like me  
pleasing you and now all  
you do is wish  
I was more and more like him  
if so would you consider keeping me  
closer I know,

He turns his head and doesn't see you  
but when he does he looks to greet you  
how are you? Good luck!!

So now I call myself a pleaser  
this time sitting on a secret  
one secret everybody knows

Oh I see how  
His life resembles yours  
And you somehow are like him.

I see I know I've been too good for you  
you know, you know that he is just like me  
pleasing you and now and now  
All you do is wish  
I was more and more like him  
if so would you consider keeping me  
closer if so, you know if I was more and more like him  
If so would you consider keeping me closer? I know,  
I know if I was more and more like him. If so..
