Living in dreams
You as me distilled from you be
Still no moves
Hide your wild
Side instill more time

In an armed
Life now you...

Know why exist
Unless wish
You as me
With you hide your
Wild side
Dissolve more time

In an armed
Life now you know...

Is this for me liquid loving
Is this for me distilled loving

Know why exist
Unless wish
You as me
With you hide your
Wild side
Dissolve more time

In an armed
Life now you know...

Is this for me liquid loving
Is this for me distilled loving
