Ah, don't leave me now
Now that I need you
How blue and lonely I'd be
If you should say that we're through?

Oh, don't, no, break my heart
This heart that loves you
That just being nothing for me
If you should leave me now

What good is dreamin'
If I must dream all alone by myself?
Without you, Darling
My arms would just gather dust
Like a blink on a ship

Come to these arms
These arms that need you
Don't close your eyes to my plea
And don't leave me now
Don't close your eyes to my plea
Oh, don't you leave me now
