For the millionth and the last time  
Darling let me hold you tight  
One more kiss and then I promise  
I will say my last goodnight

Though your lips are so inviting  
And I know I'll wanna stay  
Give me one more kiss to dream on  
And I'll be on my way

It seems a million or so kisses ago  
We said goodnight at your door  
I didn't get far 'cause here we are  
And I'm still begging for more

Whilst the millionth and the last time

Slowly disappears from sight  
For the millionth and the last time  
Let me kiss you good-night

It seems a million or so kisses ago  
We said goodnight at your door  
I didn't get far 'cause here we are  
And I'm still begging for more

Whilst the millionth and the last time  
Slowly disappears from sight  
For the millionth and the last time  
Let me kiss you good-night  
Let me kiss you good-night  
Let me kiss you good-night
