Hey little girl  
You sure are cute to me  
Come up a little closer  
So I can see

Hold it baby  
Now stay right where you are  
Hey little girl  
You oughta be a movie star  
All right now

Hey little girl  
Come on and dance with me  
You're about the cutest thing  
I ever did see

Hey little girl  
I'd like to take you home  
Come on, come on, come on  
I want you for my very own  
All right now

Hey little girl  
You better hang on tight  
I want you swing it to the left  
And shake it to the right

Hey little girl  
You know your lookin' fine  
Get ready honey  
Let's go just-a one more time  
All right now

All right, all right, all right
