

Elvis Presley "I Believe"

Visit "[I Believe](#)" on MotoLyrics.com

I believe for every drop of rain falls
A flower grow
I believe that somewhere in the darkest night
A candle glows

I believe for everyone who goes astray
Someone will come
To show the way
I believe, I believe

I believe above storm smallest prayer
Can still be heard
I believe someone in the great somewhere
Hears every word

Every time, I hear new born baby cry
Or touch a leaf or see the sky
Then I know why
I believe

Every time, I hear a new born baby cry
Or touch a leaf or see the sky
Then I know why
I believe
