Well listen, little lady
You're steppin' out of line
Ohh, wha'cha hurry baby
You got a lot of time

Ohh, well that's not the love you feel
It's only make believe
Ohh, watch out, you'll break the heart
You're wearing on you sleeve

Cheating with your kisses
And you think you know it all
Don't worry gonna get'chu
You're riding for a fall

Better slow it down
I see a danger sign
'Cause the way you're steppin' around
You're steppin' out of line
(Steppin' out of line)
You're steppin' out of line

Aah

You cheating with your kisses
And you think you know it all
Don't worry gonna getchu
You're riding for a fall

Better slow it down
I see a danger sign
'Cause the way you're steppin' around
You're steppin' out of line
(Steppin' out of line)
You're steppin' out of line
(Steppin' out of line)

You're steppin' out of line
Well you're steppin' out of line
Ohh
