She'll tell you that she loves you, make you feel just like
a kid

She'll cry to you and lie to you, she'll do 'most anything
She'll get right up next to you and the first thing that
you know

You'll be telling her you're sorry because she hurt you
so

I said she's evil the most evil girl I've found

There ain't no doubt about it, she's the meanest girl in
town

She'll invite you over to her house at half past nine

You'll wear a suit, you'll wear a tie and you'll give your
shoes a shine

You'll take a real deep breath and knock on her front
door

Her little sister will tell you "She don't live here
anymore"

I said she's evil the most evil girl I've found

There ain't no doubt about it, she's the meanest girl in
town

And there ain't no doubt about it, she's the meanest
girl in town

She'll put her arms around you and squeeze with all
her might

She'll breathe a sigh and pucker her lips and pull your
arms real tight

Your heart will pound like thunder, you'll melt in her
embrace

But when you go to kiss her well she'll laugh right in
your face

Because she's evil the most evil girl I've found

There ain't no doubt about it, she's the meanest girl in
town
