Yesterday, I slipped away
And the sun is welcoming the evening shadows
Of a perfect day and the next step is love
The next step is love

We walked barefoot through the misty meadows
Laughing at each other in the rain
Made some faces at some people in the park
And didn't bother to explain

Fun, fun, look at us run
Going nowhere special really fast
But we've yet to taste the icing on the cake
That we've been baking with the past

And the next step is love
So what are we waiting for?
The next step is love
Girl, it's for sure

Yesterday, I slipped away
And the sun is welcoming the evening shadows
Of a perfect day and the next step is love
Next step is love

Love will be a place to run to
From the world they've willed to you and me
We'll be closer than we've ever been
Though looking back it's so hard to believe

Hang it all out, we're bringing all in
The best we've picked upon the way tonight
Changes are coming but together
We can make it through somehow

'Cause the next step is love
So what are we waiting for?
Yeah, the next step is love
Girl, it's for sure

Yesterday, I slipped away
And the sun is welcoming the evening shadows

Of a perfect day and the next step is love
The next step is love

Yes, it is love
Next step is love
Yes, it's love
Next step is love
Yes girl it's love
